OVERVIEW OF SPONSORSHIP

Thousands of equine practitioners will be heading south to "Unveil" the magic of equine practice as the AAEP's 70th Annual Convention returns to sunny Orlando, Florida. The annual convention has long been a hallmark of practical, evidence-based education, and you can be a part of this year's event as the exclusive sponsor of this session.

The content of this session has been selected to support the continued implementation of AAEP's mission statement: *"To improve the health and welfare of the horse, to further the professional development of its members, and to provide resources and leadership for the benefit of the equine industry."*

Supporting a Scientific Education session enables the sponsoring company to align itself with the quality of expert information that characterizes the session, offers many exposure opportunities and, most importantly, further develops the company's relationship with the AAEP and its more than 9,000 veterinarian and student members worldwide.
